

COME NEAR TO BLOWS AT HEARING

HARDING CHARGES ACROSS ROOM AT JOHN S. WILLIAMS

Resents Statements Made by Former Comptroller of the Treasury—Lie is Passed by Williams—Allege That Williams Attended But Few Meetings While in Office

(By The Associated Press)
WASHINGTON, Aug. 3.—Criticism of federal reserve system credit policies continued today before a congressional committee, by John S. Williams, former comptroller of the currency, aroused resentment on the part of the system's two highest officers, Governor Harding of the reserve board, and Governor Strong of the New York reserve bank. In one of the frequent verbal interchanges Governor Harding charged across the committee room, swinging his fist, but was halted by struggling associates just in front of his adversary.

Mr. Strong, while later reading a report which charged Mr. Williams with "false and misleading statements," was interrupted by the former comptroller who shouted: "That statement of yours is false."

Governor Strong continued reading and presently referred to Mr. Williams as being "jealous of his prerogatives."

"And that's a lie, too," the latter injected.

"At this point, I request the committee to require the comptroller to make oath, whether he has stated the whole truth or not," Mr. Strong exclaimed.

Chairman Anderson ruled that it was "not feasible to adopt the policy."

Both federal reserve officials with associates, had sat apparently unmoved during the last two years for speculative uses, while forcing liquidation in southern and western agricultural districts and that it had allowed extortionate interest charges.

Harding Demands Hearing
Governor Harding rose out of the audience and demanded a hearing on personal grounds to himself as Mr. Williams had made them with Governor Strong, produced from the confidential files of reserve office correspondence and reports to combat Mr. Williams' criticisms.

To answer letters and memoranda read by Mr. Williams which he said had sent to his associates in the reserve board during 1920 and 1921, protesting their policy and course, Governor Harding received permission to read a letter of response which the board made to Mr. Williams in 1921.

"The federal reserve board feels constrained to say," the letter said, "that your action has demonstrated the futility of discussions with retirement from office of honor and fair play."

Mr. Williams' criticism of the board's handling of credit problems as contained in the correspondence and repeated to the congressional commission were characterized in Governor Harding's letter as "ignorant, inaccurate and misleading."

As the criticism of lending to New York banks the letter said that out of "a disordered mass of details and statements," forwarded by Mr. Williams it had been "impossible for the board to understand any action" he desired taken.

At Few Meetings
The letter also said that of 80 meetings of the board preceding Mr. Williams' retirement from office he had attended 18 during the entire time, 18 during a part of the time and during 44 was absent.

The reading of the letter resulted in a remark from Mr. Williams about "poison gas" and retorts by Governor Harding.

Governor Strong read extracts from an official confidential report made to the board by him on the New York banking system. It referred to Mr. Williams' semi-official reports as "ignorant and misleading."

One New York bank which Mr. Williams said held \$130,000,000 in federal reserve loans, Governor Strong declared held also \$112,000,000 in government securities, adding that most of its loans were made to carry purchases during the war.

While it was lending \$18,000,000 directly or indirectly to its own officers, Governor Strong said, it held \$15,000,000 in liberty bonds as collateral, and additional securities as well.

"A general denial is hardly an actual answer to specific charges and complaints," Mr. Williams said when his turn came again and later he expressed the opinion that the New York bank

SENATE STARTS ON AMENDMENTS TO CREDITS BILL

**Agricultural Measure
Before Body Thru-
out the Day**

(By The Associated Press)
WASHINGTON, Aug. 3.—Disposition of amendments to the agricultural credits bill was begun by the senate today but a vote on passage of the measure framed by the administrator as a substitute for the original Norris bill went over. Two or a score of pending amendments were adopted after a hard fight. One by Senator Smith, Democrat, South Carolina, would authorize loans by the war finance corporation to associations of agricultural producers and the other, offered by Senator Harrison, Democrat, Mississippi, would authorize the corporation to take up \$100,000,000 in bonds of the federal farm loan system.

The Smith amendment was contested hotly. Senator Harrison and Williams, Mississippi, LaFollette, Republican, Wisconsin and Ashurst, Democrat, Arizona, led the opposition and fought for direct loans to individual producers. The amendment was adopted 42 to 22 with party lines divided.

Would Break Legislation
Senators Smith, Lenroot, Republican, Wisconsin, Smoot, Republican, Utah and Simmons, Democrat, North Carolina, championed the Smith amendment. Individual loans to all the farmers of all the states, they declared, would "break down" the proposed legislation. Senator Smoot said individual loans would require the war finance corporation to have \$50,000 employees for investigation. Senator Lenroot said the original bill did not contemplate direct loans to individual farmers.

That the amendment would "get the farmer out of the bill altogether," was asserted by LaFollette who said it would give benefits principally to "parasites who prey on the farmer."

Banks and trust companies would be the principal beneficiaries.

The Harrison amendment was adopted without a record vote or particular opposition.

Senator Norris' part in initiating the legislation was praised by several senators during the debate.

Senator Kenyon, Republican, Iowa, said he had started the agricultural credits legislation and worked while other senators were pursuing the "Festive golf ball."

Mr. Norris is on a sick bed after a collapse during the fight for the legislation.

**WILL SEARCH FOR
ARSENIC POISONING**
COLBY, Wis., Aug. 3.—Today was a day of developments in the investigation of the alleged "murder farm" of Kolze, Illinois. While Mrs. Mary Demmer was being questioned by the Illinois authorities at Chicago, representatives of Coroner Peter M. Hoffman, of Cook county, Illinois, came to Colby and exhumed the remains of John Demmer, her husband.

The vital organs were extracted and placed in a tightly sealed box and were started for Chicago on a fast night train.

"We will know whether Demmer died of arsenic poisoning or as the result of drinking a cold glass of water while over heated before another 24 hours," Dr. E. M. McNally of Chicago, Coroner Hoffman's representative said. During the childhood of Demmer, he lived with his parents at Colby. Then he married and left the village. Little was ever known here of his wife who was questioned in Chicago today in connection with the mysterious deaths of her husband, and Mr. and Mrs. Fred Kolze. The latter two were found to have died of arsenic poisoning.

Pier**

(By The Associated Press)
CHICAGO, Aug. 3.—Hearing on the petition of Eugene L. McGarry, attorney, for a writ of injunction enjoining the Pageant of Progress from charging an entrance fee to the municipal pier, has been set for tomorrow.

RETURNS INDICATE AMENDMENTS CARRIED

(By The Associated Press)
ST. LOUIS, Mo., Aug. 3.—Returns compiled by a newspaper covering slightly more than half of the anticipated vote of 250,000 in yesterday's special state-wide election indicate adoption of the three constitutional amendments and the proposal for a constitutional convention. Including in these returns is the complete vote from both Kansas City and St. Louis.

The amendment for a \$15,000,000 bond issue for a soldier bonus, that allowing use of automobile license fees for payment of interest on the \$60,000,000 road improvement bond issue and the constitutional convention proposal were given large majorities in the available vote, ranging upwards from 61,000. While the amendment permitting women to hold all state offices received the "smallest majority—slightly over 13,000—a sharp reversal of the trend shown by the available return would be required to defeat it.

**Letter Indicates Two Had
Dealings in Common,
Officials Say**

(By The Associated Press)
CHICAGO, Aug. 3.—The name of "Big Tim" Murphy, under indictment for the Pullman and Dearborn Station mail robberies, was today linked with that of John W. Worthington, president of the Central Securities company, recently indicted and under arrest for alleged transactions in stolen securities following the discovery of a letter in Worthington's office which, according to Colonel J. V. Clinch, assistant United States district attorney indicates the two had dealings in common.

Other new names in the case were those of Melville Reeves and John Henry Stroeder, who served a term in Joliet penitentiary for swindling the late Dr. William T. Kirby out of \$20,000 by a wire tapping scheme.

Information concerning these men and Worthington's operations came to Clinch thru a woman who also stated she could establish relationship between Worthington and James Ryan, an alleged confidence man who served a prison term for securing money by means of a clairvoyant plot.

MANY MOURN THE DEATH OF GREAT ITALIAN SINGER

**Thousands Passed by
Caruso's Bier Yesterday**

(By The Associated Press)
NAPLES, Aug. 3.—All day the body of Enrico Caruso lay in the room where he died, for at the last moment it was decided that the burial should not take place until tomorrow. By special permission of King Victor Emanuel, services will be held in the Basilica of the Church of San Francesco di Paola, a famous edifice resembling the Pantheon at Rome.

After this ceremony the body will be taken to the cemetery and placed in the family vault. The mayor and prefect of Naples will speak in behalf of the city and government respectively and it is probable that the American consul will deliver a brief address. Naples is a city of mourning and from all parts of Italy have come expressions of grief because of late years Caruso had by the mastery of his art and his kindness of heart found his way into the warm affections of the people.

Thousands Grieve
Of the thousands who passed his bier today there was none whose grief was not apparent.

One of the most touching scenes occurred when the God-mother of the singer, Signora Maria Castaldi, came to the hotel to inquire how Caruso was faring. When informed of Caruso's death she was overcome with grief, then entered the chapel ardently and knelt beside the body and prayed.

Only yesterday his aged step-mother came to the hotel hoping for his recovery. She met an intimate friend of the family and greeted him with the query: "How is Enrico?" The friend, unable to answer, burst into tears and the mother was led upstairs where she broke into cries of anguish, and fell on her knees by the bedside.

The little daughter Gloria was taken in to see the body of her father today. She only knew that something dreadful had happened. Mrs. Caruso is bearing her sorrow with fortitude.

The American ambassador, R. W. Child, has sent the following message to her:

"All the personnel of the embassy join with me in expressing our profound grief at your loss which is a loss to the whole world. America feels as him whose heart and voice were of gold. We are at your disposal for whatever can be done."

It was indicated tonight when Attorney Ahern who represented "Buck" Weaver in the trial declared his client has a legitimate claim in connection with his contract. It was believed the other former White Sox will be content with the Landis' decree that they be barred forever from organized ball.

"Weaver's contract," Mr. Ahern stated, "was to have run through the season of 1922. He probably will ask us to bring action to recover what is due him for 1921, less what he earned this year. He was receiving \$7,500 a season, I believe."

Charles A. Comiskey, owner of the White Sox, declared he was ready for any action that might be brought against him.

Until the conference has taken final action, it is understood that the referendum vote and the making of agreements under the recent award of the railroad labor board, reducing wages 12 per cent, effective July 1, will be held in abeyance.

WIRELESS PHONES TO BE USED FOR GATHERING NEWS

**Will be Used by Associated Press to Get
Boat Race Results**

CHICAGO, Aug. 3.—The wireless telephone, brought into prominence thru the war, will be put to the peace time purpose of gathering news tomorrow, Friday, Saturday and Sunday, reporting results of speed boat races at the Pageant of Progress.

The sub-chaser was sent from Great Lakes under command of Lieut. Jack Henning and Lieut. Allan C. Forbes of the Naval Reserve immediately installed a wireless telephone set.

Receiving sets were placed at the naval reserve exhibit at the pageant, the DeForest Wireless Telephone company exhibit and in The Associated Press Office. THIRTY THOUSAND BOTTLES OF BEER SEIZED

St. Louis, Mo., Aug. 3.—Thirty thousand bottles of beer, said to be of four per cent alcohol content, were seized by federal prohibition enforcement agents in the terminal railroad yards this afternoon. The shipment was said to be from Christopher, Ill. Two men who called for the beer were arrested.

The union chiefs today asked the attitude of the railroads on the following questions:

If the operating officials of the railroads will restore the wage rates in effect on June 30, 1921.

If all demands for further decreases will be withdrawn.

If all demands for the elimination of time and one half for overtime and reduction of schedule revision will be withdrawn and not pressed again for a stated period.

Would Mean 12 percent Increase
The railroad executives, according to a statement, pointed out that to grant the first request would mean an increase in wages of approximately 12 percent at a time when all other wages are coming down; and to accede to the second would be assuming that "no further decreases are or will be warranted by reductions in the cost of living."

The union chiefs were told that in granting the request for the withdrawal of the demand for elimination of overtime, the railroad officials would be "taking the question of time and half for overtime out of the hands of the labor board, and violate every agreement the men now have with their respective roads, each of which has a terminating or revision clause."

Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, headed the union delegation, accompanied by L. E. Sheppard, president of the Order of Railway Conductors; W. S. Carter, president of the Brotherhood of Locomotive Firemen and Enginemen and James Murdoch, vice-president of the Brotherhood of Railway Trainmen.

The railroad executives committee was headed by E. E. Loomis, president of the Lehigh Valley Railroad; W. W. Atterbury, vice-president of the Pennsylvania Railroad; E. N. Brown, chairman of the Erie Railroad; and Percy R. Todd, president of the Bangor and Aroostook Railroad.

RACE WAR IN DIXON BELIEVED AVERTED

(By The Associated Press)
DIXON, Ill., Aug. 3.—Feeling on the part of white residents of this city against a certain element in the negro district which, for a time following the fatal shooting of William Coffey, white youth, in a negro gambling house, threatened to extend into open hostility, was abated tonight and indications are that there will be no trouble.

Coffey was shot and killed Monday night. Last night a number of whites are believed to have visited the negro district for this morning signs were found there warning all negroes to leave Dixon. Immediate action by Chief of Police Van Bibber in ordering the signs removed and in patrolling the district with members of the force is believed to have been largely instrumental in averting trouble.

The coroner's inquest into Coffey's death convened today but was continued until tomorrow.

THE UNFORTUNATE AUTOIST

One of Secretary Mellon's revenue proposals is a tax of \$10 on every automobile. This suggestion will bring a storm of protest. Every automobile owner pays a personal property tax, a special state tax and many of them also fork over special city taxes on their machines. A gasoline tax has been proposed and now if the federal government comes in with another \$10 demand the car owners and car dealers will be most vigorous in their opposition.

VARIATION IN JUSTICE

In a northern state a man was given a fine and a penitentiary sentence for defrauding thru the mails. He sold stock in a company organized for the production and sale of rabbits along commercial lines. It was easy to secure a conviction for this crime, and yet in Chicago ball players who a few months ago made written confession of complicity in a plot to sell

out a championship contest were acquitted. The administration of justice carries with it many peculiar terms.

PAYING THE PENALTY

Now they are finding in Russia how the theories of the soviet government fail. They have violated certain fixed economic laws and are reaping the results. Starvation faces great areas. It is not surprising that there has been insufficient production of food, since the farmers have known that under soviet rule any surplus created above their own immediate demand will become common property.

There are certain laws and principles that cannot be violated without paying the penalty. The non-partisan league of the Dakotas gave proof of this statement, and now Russia comes along with still more convincing facts.

CAN STILL HEAR CARUSO

The announcement of the death of Caruso, one of the greatest of singers, was heard with sorrow around the world. But the sense of personal loss that these almost countless thousands of people feel is relieved somewhat by the recollection that the voice of Caruso still lives. Had he passed on only a comparatively few years ago his music would have been lost for all time, but thru the accomplishment of invention the "golden voice" can now be reproduced with practically all of its original beauty.

So Caruso will go on singing thru the ages, and even tho his mortal life has ended, millions of people will still listen to and love the music that he made famous in his lifetime.

VACATION DAYS

These few days of delightful August weather have almost obliterated memory of the sweltering days of July. It's so pleasant in Jacksonville just now that a number of people who have been planning vacation trips to northern resorts have about decided to stay at home. But it's a question about the wisdom of their decision.

Have you noticed that one of the best things about a vacation is the new point of view—the greater regard for the old home town? The average man who goes away from Jacksonville for rest or recreation enjoys the stay—or imagines he does—but with the return home he sees Jacksonville with new eyes, and is impressed with the thought, "What a beautiful city this is."

It's a fact that those who are constantly in contact with the beauties and comforts of Jacksonville are not fully conscious of these things. The average vacation trip takes one where there are pleasures and with boat and rod or along woodland pathways. There are discomforts, too, and the whole vacation experience is a contrast with things at home.

People who live in view of mountain scenery in time lose much of its grandeur. Those who look up on the sea day after day, as time passes are forgetful of its appeal. It's this same principle that applies to one's own home and own city. A few days' or weeks' absence in some other locality gives a new lustre to the home surroundings where familiarity has not given contempt but forgetfulness.

The average vacation is an awakening.

Griesedieck is coming.

WHITE HALL BAPTIST MISSION CIRCLE MET

Regular Meeting Held at Home of Mrs. W. F. Short Recently—Long Time Resident Dies—Other White Hall News.

White Hall, Aug. 2.—The Baptist Mission Circle was entertained at the home of Mrs. W. F. Short on Centennial street Monday afternoon, the hostesses being Mrs. Short, Mrs. Laura Pritchett and Miss Mabel Green. Miss Laura Duncan was leader, and she presented the last chapter of Mrs. Helen Barrett Montgomery's book, "The Bible and Missions." Master Edward Meisenbach gave a piano selection. Refreshments were served. Officers were elected as follows: President, Mrs. A. M. Nevius; vice president, Mrs. R. H. Postlewait; secretary, Mrs. L. C. Bauer; treasurer, Mrs. William Teter.

Peter J. Tucker, the only man to defeat John W. Trunnells for the office of township assessor, died at his home east of the city at 7:35 o'clock Monday evening. He had been in failing health for the past few years, and he was not unexpectedly. His age was 65 years, 3 months and 16 days. He was born in Coal Hollow, Scott county, coming to this vicinity when a small boy, and had almost constantly been identified with the clay and coal mining business adjacent to White Hall.

His high standing in pretty well reflected in the fact that when he made a race for assessor against John W. Trunnells some ten years ago, he was the victor, being the only man to defeat the assessment gladiator in more than 25 years continuously that Trunnells has held the office. That victory for Tucker, however, did not break the continuity of the service of Mr. Trunnells, as Tucker refused to qualify because a reduction in pay would affect a new man, and Trunnells retained the office without having to suffer the reduction, being the incumbent at the time of the reduction. Mr. Tucker assisted in the construction and the first years of operation of the White Hall industrial railway. He was a member of the L. O. O. F. He is survived by the widow and two daughters, the latter being Mrs. Beat Smith of White Hall and Mrs. Thomas Needham of Godfrey. Funeral services will be held at the Christian church Thursday, and the burial will be in the Jones cemetery.

In the history of the White Hall clay industry, recently compiled by E. L. Wendell for C. B. Stahl operating head of the White Hall Sewer Pipe & Stoneware Co., there is brought out a number of things of general interest aside from the direct subject. In the list of biographical sketches is found quite a lengthy account of the life of the late George Hill, father of George E. Hill of the First National bank. The elder Mr. Hill is well remembered as a man of giant stature and indomitable industry.

Previous to his connection with the stoneware business in partnership with his son-in-law, the late Lyman T. Prindle, he was an architect and builder, and it appears to be along this line that Mr. Hill has built a name that is most abiding. He designed and erected business buildings and private residences in Carrollton, Greenfield, White Hall and Roodhouse. On this point Mr. Wendell says: "In White Hall Mr. Hill designed and built upon Main street, and the buildings of both the Presbyterian and the M. E. churches, the former in 1870 and the latter in 1872. The Presbyterian style of architecture is gothic and since Mr. Hill's time the building has been remodeled and extensive additions made, but the same style of architecture has been consistently maintained. The M. E. edifice belongs to the English gothic style, the best example of which is Salisbury Cathedral in England. It is a noble, dignified and impressive example of gothic architecture. Its beautiful spire has been the dominating feature in the view of this city from a distance for nearly fifty years. The buildings of the Presbyterian and M. E. churches are still the most beautiful and commodious church buildings in the city." Mr. Hill served as a member of Company H, 10th New York Zouaves, thruout the Civil war, coming to White Hall in 1896 and dying in 1896.

SECRETARY OF TREASURY TO APPEAR TODAY

Mellon Will Present Revised Copy to Ways and Means Committee

WASHINGTON, Aug. 3.—Secretary Mellon is to appear tomorrow before the house ways and means committee and is expected to present the revised copy of his memorandum containing possible new sources for taxation. Committee members had expected to receive the copy today, but after an invitation had been sent to the secretary to reappear he decided to present the memorandum in person.

Chairman Fordney said Mr. Mellon would be recalled to discuss railroad financing with which four government departments—the treasury department, war finance corporation, railroad administration and interstate commerce commission—have to do. It is expected that the secretary will be questioned about some of the revisions made in the original memorandum presented on Monday.

Republican members of the committee held two extended sessions, discussing with Dr. T. S. Adams, a treasury tax expert, the grouping of various administrative features of the bill and other changes which would make for simplification in determining taxes. Chairman Fordney said some very helpful suggestions had been received.

Rewriting of Law
The extent to which the law is to be rewritten by the committee remains to be determined, but if the suggestions made by treasury experts are followed the old bill will be largely rewritten. This probably would delay its presentation to the house considerably beyond the time heretofore expected. Chairman Fordney and other members emphasize the magnitude of the task before the committee and they say it is proposed to go carefully into all phases of the subject since the bill is expected to stand for a number of years. Railroad financing is only one of a list of subjects coming in for careful study after the majority members have agreed upon an approximate total of the revenues needed next year they still will have before them the task of reaching an agreement as to what tax changes are to be made.

Since the treasury suggestions for new taxes were presented on Monday there has been evidence of an increasing opposition to a repeal of the excess profits tax.

SPECIAL AGENT IS LOOKING FOR BONDS IN NEW YORK CITY

Thought to be \$50,000 in Bonds Hidden in That City

NEW YORK, Aug. 3.—Special Agent Roche of the Chicago internal revenue bureau arrived today in an attempt to locate stolen Liberty and victory bonds, valued at \$50,000 which he said had been traced here as part of the loot taken by a nation-wide ring of postoffice robbers.

The bonds, Roche said, are part of the \$350,000 Dearborn postoffice robbery proceeds, believed to be deposited with an uptown trust company or concealed in a residence.

Concerning the part it is charged Albert M. Goldsmith, proprietor of a local commercial school played in the postoffice robbery ring, Roche said that a 1,000 bond identified as part of the Dearborn loot and forwarded by Goldsmith to John W. Worthington, alleged head of the ring had been found in Worthington's office. Roche said Goldsmith also had cashed coupons from stolen bonds at a local postoffice.

Goldsmith is out on \$10,000 bail.

**Many children innocently cheated
out of the very food they need daily**

Everyone knows that health is the most valuable asset of life. From birth to maturity is the "construction period."

A robust and healthy child will usually develop into a vigorous man or woman. But malnutrition will invariably hamper normal growth and when the child reaches maturity he or she is anemic, poorly nourished and liable to disease.

Many children today are innocently cheated out of the very foods they need. Some parents, either through lack of knowledge, or carelessness, do not provide those foods which strengthen and nourish the growing child.

It is the duty of parents to think for the child in these matters.

Grape-Nuts, the well-known food made of whole wheat flour and malted barley, served with milk or cream, is one of the most nutritious foods in the world. It provides the elements necessary to nutrition and is a balanced food.

Quite aside from its superior nutritive value, is its delicious appetite appeal. Especially attractive with fresh fruits or preserves.

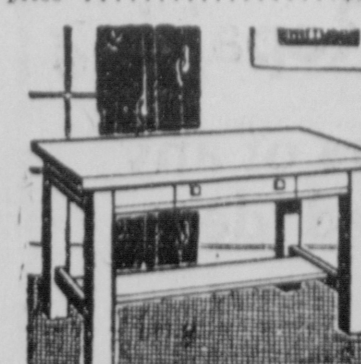

Grape-Nuts is served and sold everywhere—in leading hotels and restaurants; at lunch counters; in every good grocery store in every city, town or village in the United States. Where you can't find Grape-Nuts—you won't find people.

crack Roodhouse Nationals with Hartman of Springfield on the rubber.

Although this team had not been together for seven years and some of the members had not played ball in that time they proved still to be formidable opponents and held the Roodhouse team to a tie in ten innings when the game was called because of darkness. The final score was 10-10.

The Roodhouse batters touched Hartman, the Roodhouse star for ten blows while Roodhouse got a total of nine off of Fanning and Kirtner. The game was witnessed by a crowd of 500 people and enthusiasm ran high as the old stars were greeted. It is thought the tie will be played off soon. The score:

BLACKHEADS GO QUICK BY THIS SIMPLE METHOD

Blackheads—big ones or little ones—soft ones or hard ones—on any part of the body, go quick by a simple method that just dissolves them. To do this just rub about two grains of calomel powder from your brushet—sprinkle a little on a hot wet sponge—rub over the blackheads briskly for a few seconds—and wash off. You will wonder where the blackheads have gone. The calomel powder and the hot water dissolve them. Pinching and squeezing blackheads only open the pores of the skin and leave them open and unwholesome, and unless the blackheads are big and soft they will not come out, while the simple application of calomel powder and water dissolves them right out, leaving the skin soft and the pores in their natural condition. You can get calomel powder at any drug store and if you are troubled with these unsightly blemishes you should certainly try this simple method.

OBITUARY

Anna Louise, daughter of Ernest W. and May Sargent Jones was born in Jacksonville, Feb. 5, 1917 and passed away at the family home Aug. 1 1921 at the age of 4 years, 5 months, 26 days. On Thursday of last week, little Anna was stricken with the awful malady, infantile paralysis. Her suffering was intense but she bore it almost to the last and realized her condition and bade her Mamma and Daddy goodbye.

Anna was an unusually bright and lovable child and was a little sunbeam in the home. The companionship between sister and brother was beautiful and she will be greatly missed in the home and by all who knew her. She is survived by her parents and one brother, Willard Sargent, and her grandfather Sargent, and a host of other relatives and friends.

Misses Helen and Marguerite Brady of Centralia and Paul O'Brien of Dwight, Illinois are guests of Mrs. Margaret O'Brien on East Lafayette avenue.

BOSTON HITS FABER HARD; DEFEATS SOX

Sensational Catch by Menosky of Sheely's Drive Prevents Sox From Tying Score.

BOSTON, Aug. 3.—Boston defeated Chicago 3 to 2 today hitting Faber hard in the early innings. A sensational catch by Menosky who stood on the top of the left field bank and reached his gloved hand up along the fence for Sheely's drive prevented a tie score in the eighth inning.

HEAVY TRACK AT TOLEDO MEETING

Four Race Is Carried Over Until Today—Time Is Slow in All Races.

TOLEDO, O., Aug. 3.—Over a track made heavy by almost continued rain of 24 hours, Grand Circuit horses today went through three races, the fourth on the card going over until tomorrow because of the lateness of the starting the first event. The Toledo Times \$2,000 stake was shooed over, making a program of five events tomorrow. Today's races consisted of Tuesday's card.

The feature event today the Elks \$5,000 stake for 2:09 trotters went to Kilkowatt, driven by Childs in straight heats. Brooke Worthing, a Murphy entry and a favorite in the betting finished second three times.

Kokomo George, handled by Parlin was victor in the first two heats of the 2:11 pace for a purse of \$1,200. Palin finished third in the final heat, Predmore nosing in at the wire with Dale Spencer.

Only five horses took the word the 2:15 pace for \$1,200. Carter June won the first heat but Vic Fleming, who finished a close second won the event by taking the next two heats.

Carter finished fifth in the second heat due to a break and didn't have the steam to beat Fleming home in the final.

INDEES AND WHITE SOX TO PLAY AGAIN

Kiss and Make Up and Will Finish Series Unless Somebody Gets Mad—Will Play Second Game Sunday.

The Indees and the White Sox have kissed and made up and will play the series thru unless somebody gets mad again.

After the game last Sunday when the White Sox let the field after a decision by Umpire Ely it was thought that the series was off. However, the managers and several players of the opposing teams got together and decided to throw the game of last Sunday out.

This gives the Indees one game won with four more to play. It is said that there will be three umpires Sunday. However, we see no need of that when there are so many umpires in the stands and along the sidelines clear out into left and right fields.

It is agreed that the teams will play only the men who have been in the lineups of the teams in the game last Sunday and a week ago Sunday. Manager Smith announced yesterday that he probably would start Hamm next Sunday while Manager White will go to the mound again for his team.

Insure with M. C. Hook Co.

US CARTRIDGES AND SHELLS

Does your rifle barrel say to rust "Please come in"?

If, even though you always clean your rifle before putting it away, there is a tendency for rust to eat tiny "pits" in the barrel, the trouble is caused by the ammunition you use. The priming in such ammunition attracts rust.

All US Rim-Fires (in-

cluding the famous .22 N.R.A.) are now made with a special, non-fouling, non-erosive priming that adds thousands of rounds to the life of a rifle.

Be good to your rifle. Help it to fight rust. Use only US Cartridges. Money back if not satisfied.

Daily Market Report

MODERATE TRADING
IN STOCK MARKET

NEW YORK, Aug. 3.—The stock
market was moderately active
extended in the early trading to-
day but the list subsequently re-
laxed and sold off to a heavy
close. The reaction was attribut-
able primarily to profit-taking
which was perhaps to be expected
to the extent of advances achiev-
ed in the last two weeks amount-
ing to ten points or more in some
instances. By the close early gains
among representative issues were
replaced with losses ranging from
substantial fractions to 2 points.
Trading was moderate, amounting
to 525,000 shares.

In the foreign rails were again
the leaders, reaching new high
marks in several instances. Trading
slackened on the decline and
there was no stock market offer-
ings except in the case of a few special-
ties. Further adjustment of steel
prices lent interest to the action of
the general list late in the day.

PRICE OF WHEAT

SUFFERS SETBACK

CHICAGO, Aug. 3.—Dearth of
buying orders and especially of any
from Europe led to a setback in
wheat prices today. The market
closed heavy 1 1/2 c to 2 c net lower
with September \$1.23 1/2 to \$1.23 3/4
and December \$1.26 1/2 to \$1.26 3/4.
Corn lost 1/4 c to 1/2 c and oats
1 c to 1 1/2 c. In provisions the out-
come was unchanged to 1 1/2 c down.

At first the wheat market dis-
played some firmness, chiefly as a
result of continued shrinkage
of rural offerings.

Lack of export demand soon be-
gan to have a bearish influence
which was greatly increased later
by word that the seaboard had re-
solved a quantity of wheat to ship-
pers here. It was said one Chicago
shipper had taken from an export-
er 80,000 bushels of a cancelled
purchase. Under such circum-
stances speculative buyers held
off and owners who desired to un-
load found that it could only be
done at a decided discount, the
amount of business going on
being the smallest in months.

Bears were disposed to contend
that the smallness of country of-
ferings was largely due to rains
which had interfered with hauling.
The close was at the lowest level
of the day.

Corn proved to be weak from
the start as a result of plentiful
moisture and a likelihood of larger
receipts soon. Large stocks in
sight depressed oats notwithstanding
estimates of the 1921 yield.

Provisions went lower with
hogs and grain despite export
sales of 2,000,000 pounds of lard.

A PECULIAR FIND

A short time ago Willard Owings was breaking sod which had lain forty years on a farm owned by John Vasey west of the city and rented by Herbert Mawson when he unearthed a peculiar object about an inch in diameter. It seemed to be a metal button which had not tarnished or deteriorated during all the time of its burial. It probably was old time button worn by a British soldier. On one side were the words, "Made by Firmin & Sons, Strand, London, 1533."

On the front side was a curious design. It showed the figure of a man as far as the waist and extending perhaps three fourths of the diameter of the button and above his head, seemingly suspended in the air was a crown. The man held some kind of an object in his hand but the figure was so small it was impossible to tell what it was.

The metal must have been very good for the button is bright when rubbed a bit and not at all damaged by its long sojourn in the earth.

The Big Round-up Will Open Today

Ride 'em Cowboy!
Jacksonville's first annual wild west cowboy round-up exhibition starts this afternoon on the Stout lot, corner West Independence avenue and North West street at 4 o'clock.

Seating arrangements, parking arrangements, ticket arrangements, and last minute details have been accomplished. Nothing remains undone for the staging of the largest municipal entertainment undertaking in the history of the city.

Automobiles can be parked inside the lot for 25 cents.

Ringside parking reservations can be secured from the Chamber of Commerce for \$2. per car. This parking space will enable motorists to witness the performance sitting in their own cars.

The reserved seat section of the arena is under canvas to protect the spectators from the sun. On the east side of the arena are the general admission seats. At the north and south ends of the arena are the parking spaces for the motorists.

Unruly Horses Secured

Y. Y. Funk, living north of Jacksonville, has two "bad" horses which he will bring in today. These horses are unruly to say the least. They are big corn fed animals and have had enough work recently to make them tough. They will try the mettle of any cowboy who attempts to ride them.

"Bugger Red," a cowboy with a reputation as a rider of wild horses will attempt to ride these animals at the arena this afternoon. The horses will be ridden under contest rules.

Other wild stock is expected to be received at the arena so that there is every probability to believe the cowboys will have their work in fulfilling their promise to ride everything that is offered them in this connection.

VISITORS ARRIVE FOR BIG ROUND-UP

Missouri People First Ones Here—Many Coming Today—Arrangements Are Now Complete.

Visitors are already arriving in Jacksonville for the Round-Up. Three automobiles arrived at 7:30 last night loaded with Round-Up spectators, these cars coming all the way from Louisiana, Missouri. The occupants reported that many people from their part of the state were coming to the big show and would arrive in the morning. They also stated that the roads were in excellent shape, smooth as a floor and beginning to become dusty in places.

The committee received word yesterday from Roy Jefferson of Springfield that he and about fifteen other business men of his city were coming over in a body to attend the Round-Up Friday.

Mr. Jefferson, who is secretary of the Springfield Rotary club and manager of the Jefferson Printing company, further stated that his fellow visitors were all Rotarians and would meet with the local Rotary club Friday noon.

Nearly all local business establishments are to close their doors Thursday and Friday afternoons from four to six, in order to allow more people to attend the Round-Up.

Tickets for the performances have been placed on sale at Brown's music store on the south side of the square, Shreve's drug store on the west side, and Long's pharmacy on the east side.

The Round-Up is managed by Barbour and Shaffer of Chicago and is personally directed and staged by Leonard Stroud of Rocky Ford, Col. The entire program for the performance has been announced as follows:

Trick and fancy riding—Tommy Kirnan and Leonard Stroud.
Bronk riding—Cliff Wilson and Ben Curley.
Roman standing races—Tommy Kirnan, Mayne Stroud and Leonard Stroud.
Calf roping—Slim Caskey, Curley Griffith, Leonard Stroud, Tommy Kirnan and Bugger Red.
Trick and fancy riding—Leonard Stroud, Mayne Stroud, Bea Kirnan and Tommy Kirnan.

PLEASANT AFFAIR AT HOME IN FRANKLIN

Mr. and Mrs. Edgar L. Sweet entertained about thirty-five relatives and friends recently at their home in Franklin, the event being in honor of their guest, Miss Yetta Rimbey, of Aurora. At noon a splendid dinner was served. Among the good things to eat was a fruit salad, part of which was sent from Daytona Beach, Fla., by Mrs. H. D. Rimbey, a sister of Mesdames Sweet, Woods and Luttrell.

Among the guests were Mrs. Floyd Sturgeon, Springfield; Dr. Scott P. Bowyer and family of Taylorville; G. M. Dunseth and family; Mrs. Kate Luttrell of Waverly; Mrs. Herschel Bowyer and daughter of Slick, Okla.; Walter W. Wright and family and Homer L. Ranson and family of Jacksonville; J. P. LET CONTRACT FOR EDGMON STREET SEWER

The board of local improvements has awarded the contract for building the sewer in Edgmon street to Simeon Fernandes. It is probable the work will be commenced at once and pushed thru to a speedy conclusion.

FORMER RESIDENTS VISITORS HERE

R. M. and William Galbraith in City—A family of Railroad Men.

R. M. Galbraith of Pine Bluff, Ark., and William Galbraith of Hebron, Nebraska, are making a brief visit in Jacksonville. The last mentioned has not been in the city for nearly forty years and naturally finds few business firms or individuals with whom he is familiar.

The father of the Messrs. Galbraith was one of the earlier citizens of Jacksonville, coming here when William Galbraith was but four years of age. The father was a mechanical engineer and had had several years' experience in Glasgow, Scotland, before coming to the U. S. He afterward spent all the active business years of his life engaged in railroad work.

William Galbraith carries today a gold watch presented his father in 1870 on his retirement as master mechanic of the Laramie division of the Union Pacific railroad.

R. M. Galbraith was for many years engaged in railroad work but latterly became president of the Cotton Belt bank in Pine Bluff. His brother William has had a somewhat similar career as he turned from railroad connections some time ago to the banking business, in which he is still engaged.

CONCESSIONS! CONCESSIONS!

Merchants and dealers wishing to make displays at the Morgan County Fair can secure space by applying to H. J. Rucker, secretary. Office located over Rabinjohns & Reid's, East State street.

BOARD OF REVIEW HEARING CONTINUED

The county commissioners sitting as the board of review, fixed August 15 as the final date for the filing of petitions asking for revision of assessments. So far only six persons have filed complaint as to tax assessments. They are as follows:

W. E. Miller, lots in Waverly, assessed value \$8,250.
Edward Pond, land near Mercedes, assessed value \$12,800.
R. S. Givens, lots in Salter's addition to Waverly, assessed value \$1,500.
A. H. Duckett, property on Sandusky street, Jacksonville, assessed value \$4,000.
M. L. Anderson, Franklin, land in 31-14-8, assessed value \$2,150.
Virginia DeSilva, lot 3 in Carter's addition to Jacksonville, \$1,300.

All of the complaints set forth that the valuations placed by the assessors on their property are not in accord with the other valuations in the same locality.

ATTENTION MERCHANTS

In order that everyone may attend Jacksonville's first annual wild west cowboy round-up, it is urgently requested that all merchants close their places of business today and tomorrow afternoons promptly at 3:45 o'clock.

A BOLD BURGLAR

A short time since the home of Mrs. Elizabeth Carter on Hurd street was the scene of a bold robbery. A man managed to get into the house and into the room where Mrs. Carter and her deaf son and daughter sleep. The rascal took fifteen dollars from the son's pocket and then went to the girl's bed and began pulling from her finger a ring which awakened her when she screamed waking her mother. Mrs. Carter jumped up quickly and went for her pistol but unfortunately the marauder had gotten too far for her to do execution though she fired three shots at him.

MYERS BROTHERS

RETURNED FROM QUEBEC
Gates Strawn and Miss Ellie Trabue have returned from a delightful trip into northeastern Canada returning by Detroit and other places. One small place in the vicinity of Quebec was St. Anne, where there is a cathedral of the same name. In it is a fountain and it is a shrine visited by many persons afflicted with various ills and the cures described are remarkable. All about the place are scores of crutches, canes and other appliances used by the lame and discarded after getting the benefit of the remarkable cures. There is also a wonderful cyclorama portraying scenes when the Savior was in Jerusalem. The work is very fine and much admired by all who see it.

Miss Resa Walsh, stenographer at the Jacksonville Farm Supply Co., is enjoying a two weeks' vacation. She expects to visit in Murrayville, Carrollton, Kampsville and St. Louis.
